## **Schulz Electric Company Becomes Authorized Provider of IACET CEUs** **Prestigious Authorization Demonstrates Commitment to High-Quality Lifelong Learning**

New Haven, CT –June 1, 2011- The International Association for Continuing Education and Training (IACET) has awarded Schulz Electric Company of New Haven the prestigious Authorized Provider status. IACET Authorized Providers are the only organizations approved to offer IACET Continuing Education Units (CEUs). The recognition period extends for five years, and includes all programs offered or created during that time.

“Schulz Electric Company is proud of our education programs which train Mechanical Engineers, Electrical Engineers, Maintenance Personnel, Electricians and Mechanics each year in topics such as Maintenance for Electric Motors and Control Systems, Programmable Logic Controllers (PLCs), and Variable Frequency Drives, so that our customers stay on the cutting edge with the newest predictive maintenance and energy efficiency options for their industry,” stated Bob Davis, CEO. Davis added, “Our new partnership with IACET is a demonstration of our commitment to lifelong learning and high standards for all of our programs, and we are very pleased to join such a prestigious organization as well as an elite group of organizations that offer excellent continuing education and training programs.”

In order to achieve Authorized Provider status, Schulz Electric Company completed a rigorous application process, including a review by an IACET site visitor, and successfully demonstrated adherence to the ANSI/IACET 1-2007 Standard addressing the design, development, administration, and evaluation of its programs. Schulz has pledged its continued compliance with the Standard, and is recognized as offering the highest quality continuing education and training programs.

The Schulz Electric Group of Companies is the largest electric motor, controls and generator repair group in the Northeast, providing electric motor repairs, custom controls and panels, systems integration, pump services, hydro services, energy efficiency solutions, and diagnostic services for commercial and industrial applications.

**About IACET:** The International Association for Continuing Education and Training (IACET) is a non-profit association dedicated to quality continuing education and training programs. IACET is the only standard-setting organization approved by the American National Standards Institute (ANSI) for continuing education and training. The ANSI/IACET 1-2007 Standard is the core of thousands of educational programs worldwide.
